

# SIERRA DE GATA

Comarca rayana situada al noroeste de la provincia de Cáceres. En su paisaje predominan las especies propias del bosque mediterráneo. Los cultivos, en su mayoría pequeñas explotaciones familiares de olivos y viñas, se disponen en ingeniosos bancales que domestican la complicada orografía. Los serragatinos son gente amable que gusta de reunirse con amigos y familiares en sus bodegas. Amantes de la buena conversación, cabe resaltar que atesoran un Bien de Interés Cultural: A Fala. El agua es también protagonista en la comarca. Destacan sus piscinas naturales. Pequeñas presas que se convierten durante la época estival en el lugar perfecto para refrescarse y disfrutar de un entorno natural paradisíaco.

## DESCUBRIRÁS QUE...

A Fala se habla en tres pueblos del Valle de Xálima: Eljas, San Martín de Trevejo y Valverde del Fresno. En cada uno de ellos, con sus propias características.
